Art Hotel

The Art Hotel concept transcends conventional notions of hotels by becoming a living venue for contemporary art, somewhere the guest not only stays but also makes discoveries and becomes enthused. Ibiza Gran Hotel is home to a stunning collection of art comprising more than 400 works by contemporary artists from all over the world, created specifically for installation on site. The collection is made up of vibrant, colorful and exhilarating work, featuring a wide diversity of styles, techniques and media.

The majority of artists taking part in the project have some kind of link to the Mediterranean and were chosen in part because of the way they handle light, nature and life as they are reflected in the sea.

Five elements that bring life to a unique and special place, the symbiotic outcome of blending architecture and art: earth, air, life, water and sky. Each of the five floors alludes to one of these five themes.

The Grand Breakfast

Tear yourself away from the sheets to enjoy the first few hours of the day, the garden, the light, the aromas, the flavours, the smiles and impeccable service. Much more than a breakfast, an explosion of flavours, an experience involving enjoyment, indulgence and calm. Recently-sliced fruit and antioxidant, purifying and tasty juices. A selection of the finest cereals, nuts and pastries from our bakery. A honeycomb straight from the beehive evokes childhood memories of toast and natural honey. Crêpes, oysters, champagne, an omelette amde to order, a salad or something sweet from our pastry chef: everything is tempting. Cheeses, smoked meats, the finest ham and a selection of cold meats with geographical designation of origin. All accompanied by the island's finest selection of artisanal bread. Much more than a breakfast, an experience of delectation, a gift to get the day under way.

Pool Restaurant

The sea is our pool. A salad, something informal or perhaps a grill of the finest fish and shellfish just in from the port. The entire range of flavours embodying the pure essence of the Mediterranean summer and the healthiest, most natural dishes. Another swim, another juice. The summer continues, the summer knows no end.

Zuma

ZUMA was founded in London in 2002, known for being the ultimate embodiment of Asian elegance combined with the casual drinking and dining experience of the Izakayas (Japanese taverns). The establishment was set up by chef Rainer Becker and Indian businessman Arjun Waney, who have successfully launched a contemporary Japanese cuisine concept with a modern ambience and careful presentation that has triumphed in cities such as London, Hong Kong, Dubai, Miami, Bangkok, Abu Dhabi, New York, Rome, Las Vegas, Madrid and Mykonos, and as of 2022 in Ibiza. Intense and daring flavors characterize ZUMA's menu, served in dishes designed to be shared at the table, in the most authentic izakaya style, and in signature recipes that perfectly combine the sushi bar and the robata grill (Japanese charcoal grill).

Club Chinois

The team behind Park Chinois, London's iconic Asian restaurant, has launched a new nightclub. Inspired by the decadent jazz clubs of 1930s Shanghai, Club Chinois provides old-world hospitality while offering world-class contemporary entertainment. Its 3,000 square meters have been meticulously designed by award-winning Parisian design studio, Laleh Assefi.
